Free admission, limited seats available, First-come-first-served

About the meeting

Welcome to the 2018 edition of the SG-CMR meeting. The aim of this quarterly meeting is to bring together everyone interested in cardiovascular magnetic resonance (CMR) imaging. At each meeting 2 invited speakers will give a talk on clinical CMR imaging and this will be followed by 2-3 interesting clinical CMR cases. The meeting is intended to be informal and interaction will be encouraged.
